Entropia Universe auctions 15 spacecraft for a total of \$75,000

Gothenburg, Sweden – January 14, 2015 /Entropia Universe/ – Entropia Universe AB, the largest Massively Multiplayer Online Real Cash Economy (MMORCE) game, announced today it has officially auctioned 15 high-performance spacecraft for its popular real-cash MMO. The new two-seater luxury vessels went for a total of \$75,000 on the auction block, however 10 more are still available. Only 25 will ever be released adding to their future value.

The Quad-wing Interceptor is a medium fighter capable of space and atmospheric flight. Its 4-wing configuration is commonly seen patrolling space stations and mother ships to fend off pirate attacks. This fast and agile ship is the bread and butter interceptor for most private armies, although it's also a favorite among privateers due to its weapons load out and speed.

Auctions for the fiery-red Quadwing Equus ships began on December 9th, 2014, with opening bids at 50,000 PED (5,000 USD). End times for the 25 auctions listings have been staggered at various hours of the day, and over a period of three weeks, so that interested parties from all time zones can participate.
